THE ESSENCE OF CASA BARICHARA

A PLACE OF REST AND INSPIRATION.

OUR HOSPITALITY CONCEPT

Attentive service

A team that accompanies you with warmth, always ready to anticipate your wishes and to protect your moments of silence and rest.

Thoughtful design

Every corner, from the rooms to the common areas, is designed to embrace you with calm and create the perfect atmosphere to truly disconnect.

Memorable experiences

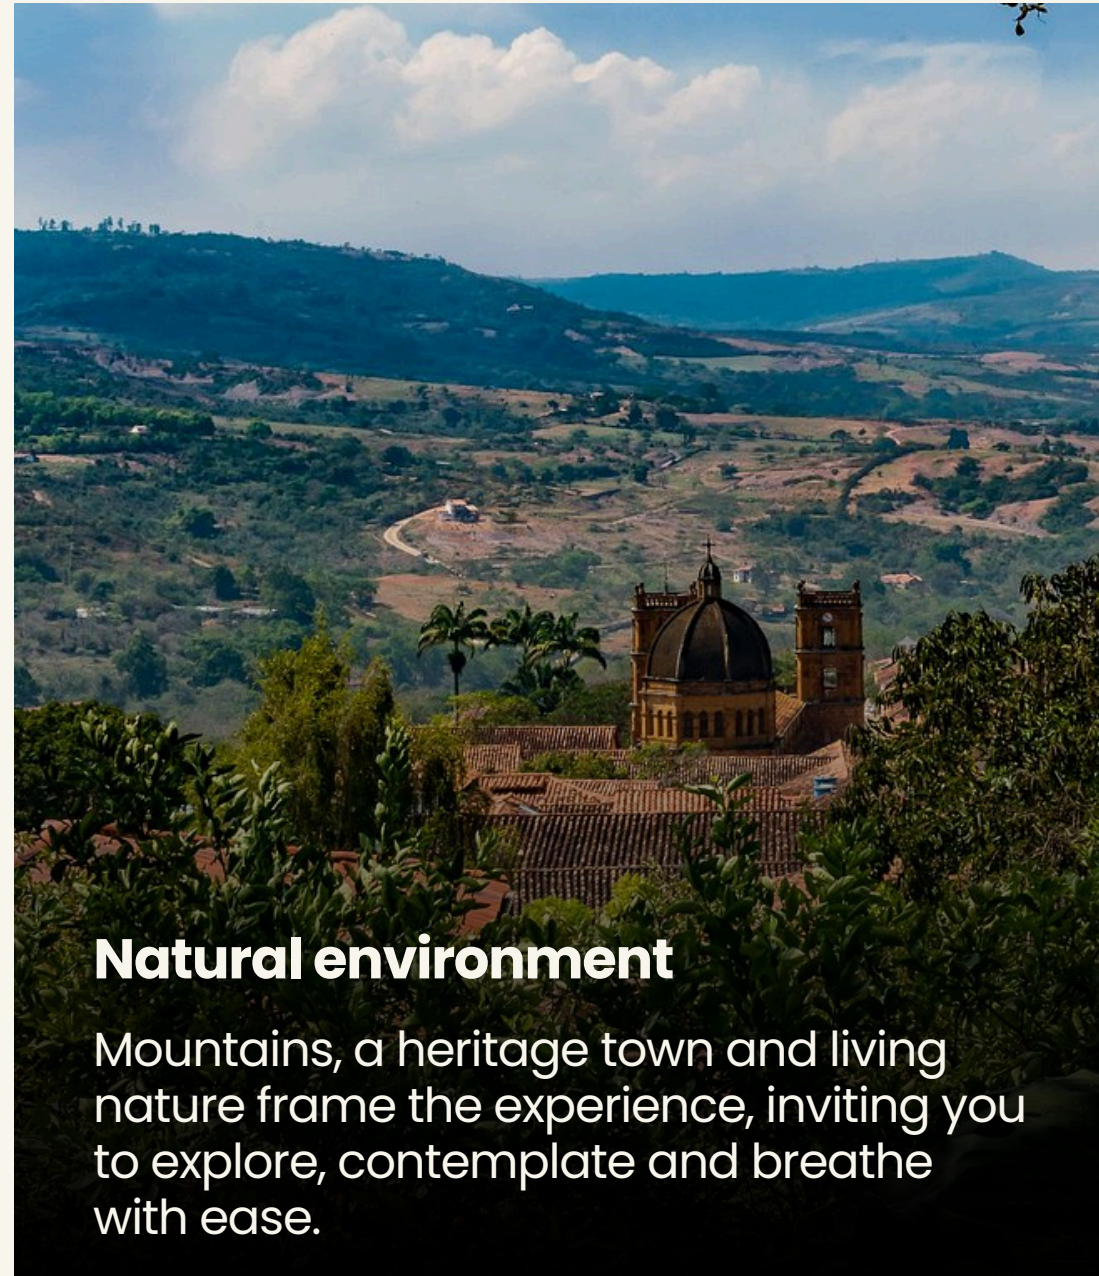

We want every stay to leave a gentle mark on your heart and invite you to return to Casa Barichara again and again.

LOCATION AND SURROUNDINGS

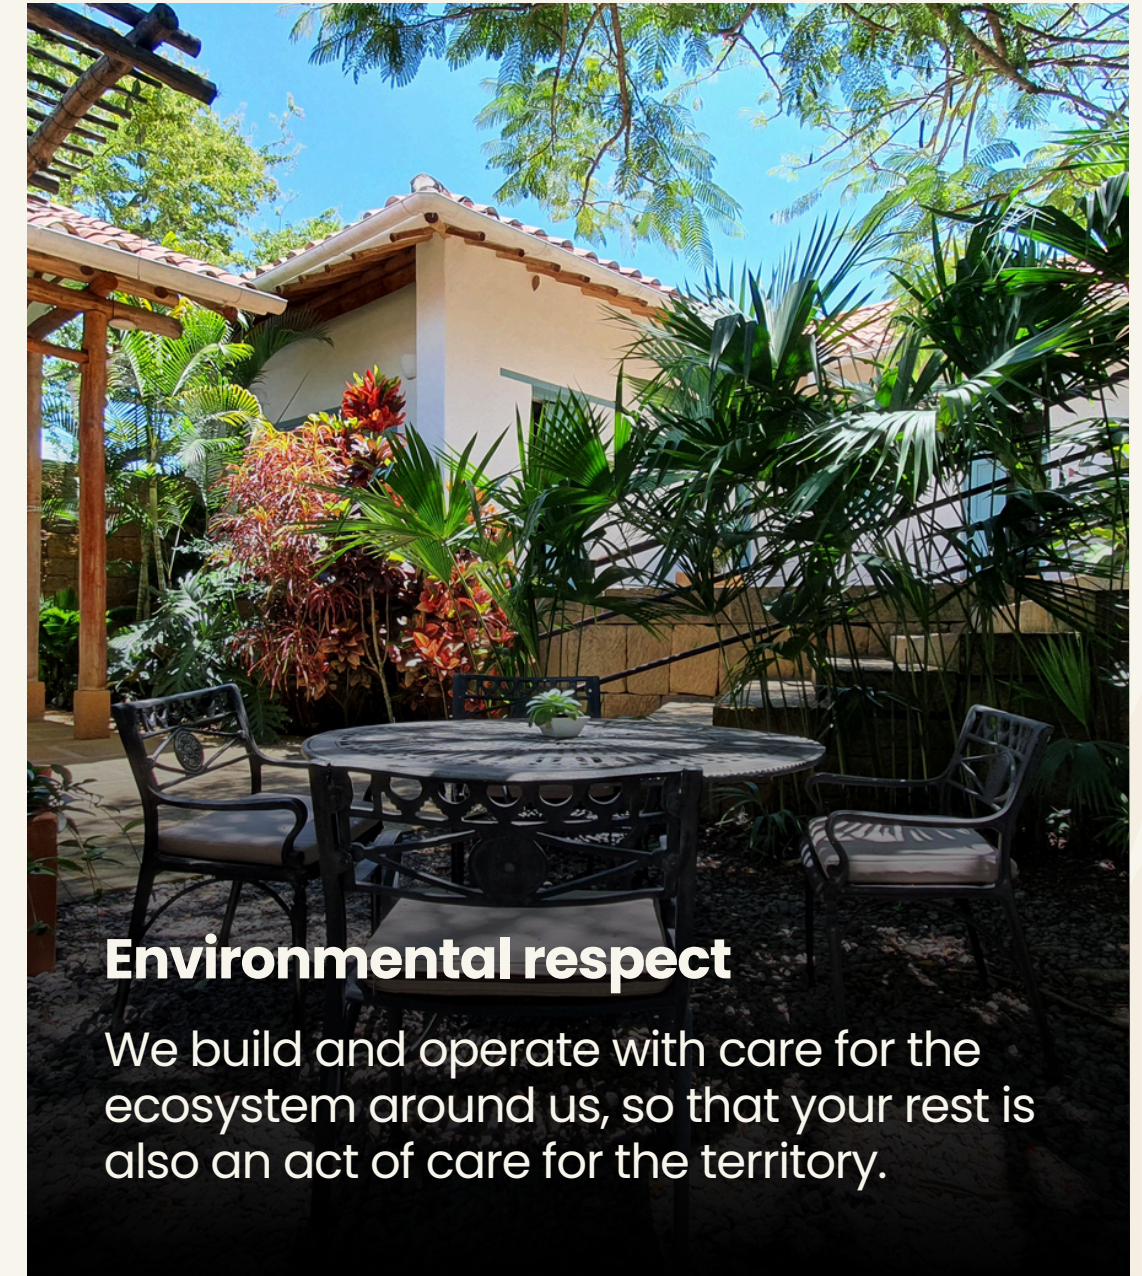

Climate-sensitive design

The architecture and materials adapt to Barichara's climate so that the space always feels fresh, welcoming and in harmony with its surroundings.

Natural environment

Mountains, a heritage town and living nature frame the experience, inviting you to explore, contemplate and breathe with ease.

Environmental respect

We build and operate with care for the ecosystem around us, so that your rest is also an act of care for the territory.

ARCHITECTURE AND AESTHETIC APPEAL

Casa Barichara's architectural style captures the soul of the place: open spaces, natural materials and views that stretch towards the horizon. Textures in wood, stone and rammed earth blend softly into the landscape, creating a sense of refuge, calm and understated luxury that speaks with its surroundings.

ACCOMMODATION

Private and spacious rooms

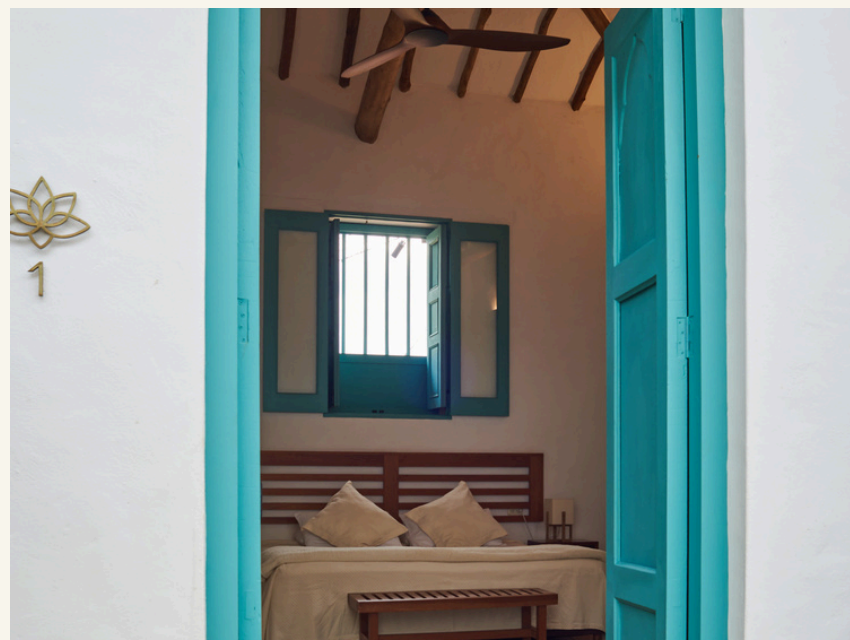

Each space is designed so you can rest at your own pace, without interruptions, as if time slowed down just for you.

Connection with nature

Large windows and terraces open onto green views and clear skies, inviting you to breathe deeply and release the weight of the day.

ACCOMMODATION

Natural connection

Windows and terraces frame the surroundings so you can wake up with the landscape and fall asleep cradled by Barichara's tranquility.

Inner balance

Soft lighting and a palette of natural colors create a serene atmosphere, ideal for resting both body and mind.

Calma and Comfort

An intimate refuge where you find calm, silence and comfort after each day of exploration.

Personal sanctuary

Your room becomes your sanctuary: a space to reconnect with yourself and slow down.

NATURAL GASTRONOMIC EXPERIENCE

The kitchen is an essential part of the experience: fresh flavors, local ingredients and recipes that honor the territory. Restaurants and cafés merge with the landscape, whether outdoors with privileged views or in intimate settings, so that every meal becomes a moment to enjoy and share. An authentic gastronomic experience makes your stay even more unforgettable.

EXPERIENCES AT HOME

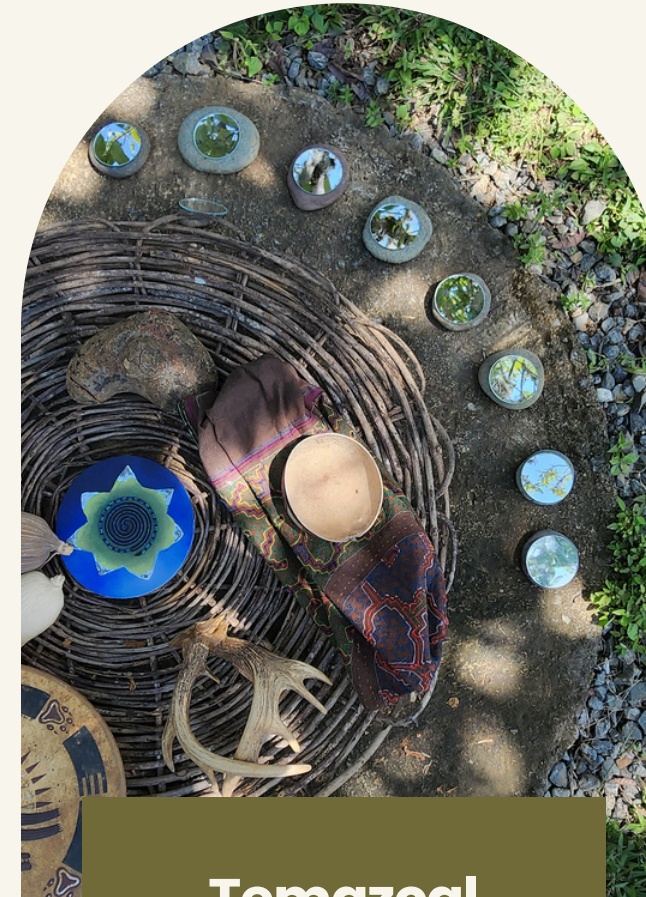

Ancestral cocktails

Flavors that tell stories of
the territory, perfect to
accompany the sunset.

Art Class

Creative spaces to
express yourself,
find inspiration and
take home a piece
made by you.

Temazcal

An ancestral ritual to
purify, release and
renew your energy.

Massage session

Treatments designed
to relax the body, ease
tensions and gift you a
moment of deep
pause.

INTERIOR AND LANDSCAPE HARMONY

The boundary between indoors and outdoors becomes blurred: gardens, terraces and pools flow into the interior areas, inviting you to move freely between them. Plants, warm lighting and natural textures create a sense of continuity, beauty and well-being that accompanies every moment of your stay.

ART, CULTURE AND LOCAL INSPIRATION

Casa Barichara draws inspiration from the art and culture of the territory: handcrafted furniture, art pieces and traditional details tell local stories.

Experiences such as cooking classes, performances or exhibitions strengthen the bond with the community and give your journey a deeper meaning.

SUSTAINABILITY AWARENESS AT SALFORD RESORT

Eco-efficient design

We prioritize renewable materials and natural ventilation, always seeking a positive impact on the territory.

Waste management

We implement recycling and proper waste-handling systems to protect nature.

Local sourcing

We choose ingredients produced in the region to care for the planet and support local communities.

Resource conservation

We protect water and energy so that your well-being is also responsible.

Environmental education

We invite guests and collaborators to adopt more conscious habits towards the environment.

SUSTAINABLE TOURISM PROJECTS

At Casa Barichara Boutique, we are committed to sustainable, participatory, and regenerative development, where tourism serves as a driver of well-being and conservation for both our community and our territory.

Casa Barichara Boutique promotes a destination vision, not just a hotel operation. As part of this commitment, we have developed the following initiatives:

JUNTANZA POR BARICHARA

A space to weave community, care for the territory and build, together, a more conscious destination.

ESCUELA DEL BUEN ANFITRION

Training processes that strengthen local capacities and celebrate the art of hosting.

SELLO SEMBRADORES DEL AGUA

A commitment to recognizing and protecting the territory's sources of life.
